PROFESSIONAL SUMMARY

With two years of experience in front-end development using HTML, CSS, JavaScript & React, I specialize in building dynamic and responsive web applications. I contributed to enhancing a web application's UI and performance as part of a collaborative team, resulting in nearly a 30% increase in user engagement. I am seeking to leverage my skills in front-end development to contribute to innovative projects and drive business growth.

WORK EXPERIENCE

Software Developer

09-01-2024 - Present. Nacasky (Achimota, Ghana).

- Designed and implemented web applications using React, integrating API's and third party-software to ensure enhanced user experience and seamless functionality.
- Collaborated with cross-functional teams to gather requirements, plan development cycles, and deliver high-quality, responsive web applications.
- Achieved a 25% increase in application performance and a 10% reduction in loading times by optimizing code and implementing best practices.
- Provided ongoing support and maintenance to address issues and incorporate user feedback for continuous improvement, leading to a 34% decrease in user reported issues.

Front end developer

23-06-2022 - 09-01-2024. Upwork (Accra, Ghana)

- Designed dynamic and browser-compatible web pages using HTML, CSS and JavaScript to meet project requirements.
- Collaborated with cross functional teams to develop and execute projects and initiatives, ensuring on-time and on-budget delivery. Effectively communicated project timelines, progress and objectives using tools such as slack and zoom.
- Resolved bugs in existing applications and implemented enhancements that significantly improved web functionality and speed.
- Worked closely with UI/UX designers to create visually appealing and user-friendly interfaces.
- Achieved a nearly 30% increase in user engagement through improved user interfaces and performance optimizations.

EDUCATION

First Degree

- University for Development Studies - 05/2018.
BSc. Applied Chemistry

Second Degree

- ALX Software Engineering - 07/2023
BSc. Front-End Software Engineering.
